Hi Clancy,
Your BLM contact in New Mexico regarding your abandoned uranium mine question would be Bill Auby located at our BLM State Office in Santa Fe. His email is: bauby@blm.gov, and phone number is (505) 954-2159.

Hi Larry. EPA Region 9 is conducting Superfund removal assessment work at a group of abandoned uranium mines in the new Mexico checkerboard area. It looks like one of the former mining areas is on land that may be administered by BLM and we are wondering if you or someone at BLM can confirm the status. The area is on the SE ¼ Section 13, T13N, R11. Could you direct us to the right person for this question?

Thanks very much,

Clancy
